

CV René Havelaar

Personal info:

I am originally from Holland where I worked as an Electrical engineer, however Sound Production has always been a passion of mine. I moved to the UK around a year ago where I hope to take this passion into the Film and TV Industry. As this is a second career for me I bring with me plenty of life experience and determination.

Work Experience in Sound :

- Many years experience in Electronic Music producing / composing and as a DJ
- 3-years experience in Sound for Film composing
- 1-year Education in different areas for sound and film (Post Production – Mixing – Mastering – Producing – Microphone setup – Band Recording / Mixing / Mastering – Synthesis – Music theory – Protocols)
- Software programs : Wavelab – Cubase - Nuendo – Ableton Live – Protocols
- Sound Freelancer as Sound Trainee on **CBBC children's drama The Dumping Ground**

Experience on CBBC's The Dumping Ground 2017

- Setting up and handing out IEM's
- Setting up the sound cart at the beginning of the day, selecting new days folder and first slate number.
- Syncing and connecting Tentacle timecode boxes
- Charging all batteries
- On standby for the Sound Mixer and Boom Operator when needed
- Making repairs to cables and equipment
- Assisting the Boom Operator on set with the 2nd Boom as and when required
- Laying carpet and quietening undesirable noise on set
- Playback, setting up equipment, setting Cue Points on Audacity and playing back tracks to que
- Working on Interior and Exterior sets

Working with :

- Producer – Gert Thomas
- Executive Producer – Jonathan Philips
- Directors – David Innes Edwards / David Beauchamp / Fiona Walton / Jamie Annet / Sean Glynn / Alex Jacob.
- Sound Recordists – Aris Anastassopoulos / Steve Peckover / Stu Wright
- Boom Operators – Chris McQuillan / Allesandro Pascale / Mike Dudee

I also have Dutch qualifications in electrical engineering which probably don't mean a great deal in the UK but for those that are interested they are : Safety for operational supervisors (FULL), AutoCAD LT/2D/3D, Time Management, Lightcalculations Dialux basic and CAD import, knowing how to read (Stabu) building plans.

References : Please contact Steve Peckover (07825277774), Aris Anastassopoulos (07935537385), Chris McQuillan(07906890382), or please feel free to contact any of the people mentioned above.
